

North Dakota Junior Duck Stamp Program

Connecting Children with Nature Through Science and Art

Open to Kindergarten through Grade 12 Students in Public, Private and Home Schools

The Junior Duck Stamp Program is a dynamic program designed to teach wetland habitat and waterfowl conservation to students. After learning about North American ducks, geese, or swans, students draw, paint, or sketch their favorite species. Each state selects a 'best of show' winner, which competes at the national level. The national winner's artwork is made into a stamp which is sold for \$5, with all proceeds used to support conservation education.

Visit www.fws.gov/juniorduck for contest information and an entry form

Artwork will be judged in four groups – grades K-3, 4-6, 7-9, and 10-12. Three 1st, 2nd, 3rd and 16 honorable mention places are selected for each group. Winners will be recognized at an awards banquet in May 2017.

Learning trunks available!

Not sure how to get started? Send an email to Colleen at colleen_graue@fws.gov or call 701-766-4272. We have classroom resources available for check out.
